# Cabbage Casserole

I happen to love cabbage in all its forms, and the main reason is how versatile it is. Not only that, but it will feed a table full of people for pennies. Since it has quite a mild flavor, you'll need to be sure to cook it with lots of delicious extras.

In this case, you'll use chicken stock, ground beef, and onions. To bulk it out even more, this recipe also uses rice. One sure-fire way to guarantee flavor is to use sausage meat instead of ground beef.

Finnish Meat Ball

Finnish Spice Cake

Finnish Hot Wine

Piparkakut

Finnish Rice Porridge

Cardamom
